

The Farmhouse at Delettes

What people have written....

I also just wanted to say thanks very much for all the effort you have put into the farmhouse – the place is amazing. All 15 of us had a brilliant holiday, and we were all sad to leave on the last day! The pictures on your website don't do the whole setup justice – it is ten times better than what we were anticipating! There is so much to do there we barely left the farmhouse, apart from a day at the beach and a day at the battlefields. **PT Summer holidays**

I am sure you get many e-mails like this, so here is another. We have the most fantastic time, the house is wonderful, and the games room and barn are such fun. **CG Weekend break in winter**
