## The Farmhouse at Delettes near Thérouanne, Pas de Calais, France

The comfortable farmhouse is fully equipped as a family house.

It is in the centre of the village of Delettes, which nestles in the valley of the river Lys and is surrounded by the rolling countryside of southern Pas de Calais, near St Omer, only 45 minutes from Calais.

The farmhouse and courtyard is surrounded by barns making a private and secluded hideaway – perfect for small children or relaxing in the sun. The outdoor heated 10m x 5m swimming pool is fully enclosed with a sunbathing terrace and is in a garden large enough to find a quiet corner or to enjoy a family game.

The farmhouse, while still retaining its relaxed atmosphere, can be a cosy retreat for two or expand to cater for a holiday for several families. In winter there is a log fire and central heating.

I also just wanted to say thanks very much for all the effort you have put into the farmhouse – the place is amazing. All 15 of us had a brilliant holiday, and we were all sad to leave on the last day! The pictures on your website don't do the whole setup justice – it is ten times better than what we were anticipating! There is so much to do there we barely left the farmhouse, apart from a day at the beach and a day at the battlefields. **PT Summer holidays**

I am sure you get many e mails like this, so here is another. We have the most fantastic time, the house is wonderful, and the games room and barn are such fun. **CG Weekend break in winter**

## The Captain's House and apartments Puerto de Mogan, Gran Canaria

The climate in Gran Canaria is great throughout the year – around 28–30°C in summer, usually with a cooling Atlantic breeze, and 20–22°C in winter. The Captain's house, apartment and studio are in a traditionally painted village house, which we have remodelled and fitted out to make a well-equipped and comfortable place to stay. Puerto de Mogan is a popular holiday destination for Spanish families.

The property is in the old fishing village, reached by a passage (there are no cars in the old village) about 75 yards from the village square. It is tucked away so it is private and quiet yet only a couple of minutes from the safe sandy beach which is ideal for children. The Venetian style port, marina, restaurants and shops are five minutes away and offer a wide range of eating and shopping.

The house and the apartment (with or without the studio) can be rented together or separately. The house roof terrace overlooks the port and the beach. The apartment and studio share another terrace and have their own street entrance, which is ideal for families sharing and older children.

**House with roof terrace sleeps up to 4**

**Apartment and studio with  
own terrace sleep 2 – 6**

**All bedrooms with en-suite bath  
or shower and WC**

**The house and apartment have  
air conditioning and  
fully equipped kitchens**
